As Scotland's Centre for Social Innovation, The Melting Pot is more than just a venue. We're a social enterprise reinvesting profits into nurturing changemakers, supporting ethical startups, and accelerating initiatives that prioritise people and planet. By working with us, you're directly contributing to a fairer, greener, more inclusive Scotland.

About us

THE MELTING POT

The Melting Pot is Scotland's Centre for Social Innovation. An inspiring community of people striving to make the world a better place.

Through coworking, collaboration and learning, we aim to stimulate and support social innovation in Scotland.

The Melting Pot offers freelancers, small businesses and non-profit organisations flexible, creative and budget-friendly solutions for a new era of working.

Whether you want to save money on office overheads; need a safe, friendly workspace to improve a colleague's wellbeing; or seek an inspiring venue to thrash out some strategy – The Melting Pot is here to help you find what works for you and your team.

We also offer meaningful learning and development opportunities to our members and the wider community of place-makers, entrepreneurs, social businesses and charities. We hold our own inspiring and informative events throughout the year, and support others to do so in our central Edinburgh venue.

On top of this, we regularly support social innovators through our Good Ideas one-off workshops, two-day camps or six-month immersive incubator programmes.

VISION

A world which has a vibrant, creative, resilient and effective social innovation community.

MISSION

To stimulate and support social innovation.
